## Risk Management Strategies

---

### 1. Never Risk More Than 1-2% Per Trade

Professional traders limit risk on any single trade.

### 2. Always Use Stop Losses

Your insurance policy that automatically closes losing trades.

### 3. Maintain 2:1 Risk-Reward Ratio

Potential profit should be twice potential loss.

### 4. Diversify Your Positions

Avoid concentrating all capital in one instrument.

***The Golden Rule:*** "Cut your losses short and let your profits run." —  
*Jesse Livermore*

## Trading Psychology

---

### **Fear of Missing Out (FOMO)**

Solution: Stick to your trading plan, never chase prices.

### **Revenge Trading**

Solution: Accept losses and walk away to reset.

### **Overconfidence**

Solution: Remain humble; the market can turn at any time.

### **Paralysis by Analysis**

Solution: Trust your strategy and act decisively.
